

assessed the cost of repairs or replacement caused by any damage to the meter such as breakage (other than water surges) and/or freeze up.

7. Adjustment of Billing - Any adjustment in meter reading shall be at the discretion of the Borough Council and/or personnel appointed by Council.

SECTION 3

SEWER SERVICE

⊗ Commercial Rates - Commercial industries and schools shall be charged ^{1.91}~~\$5.73~~ per building occupant per month determined by a census submitted to the Borough Council on November 1st of each year for the following twelve (12) months.
→ QUARTER CHG

⊗ Connection Charges - The connection charge of cutting in a new service shall be \$175.00. This charge may be adjusted by the Elkland Borough Council as required to cover the cost of installation, such as increased cost of labor and equipment and/or crossing highways or streets.

Sewer and No Water Service - Any customer not having water service or using auxiliary water supply shall be charged a flat sewer rate based on the number of occupants under Sewer Rates: C.

Borough Responsibility - Elkland Borough is responsible for the connection into the main sewer line after a permit has been issued and sewer connection charge has been paid.
